

Resistor

Yello

You are being taken under our power to your destination.

Go!

Everybody is a part of the whole of the system.
Faster, faster, to welcome disaster.
Faster, faster, to welcome disaster.
Everybody is a part

Faster, faster, to welcome disaster.
Faster, faster, to welcome disaster.

Faster, faster, to welcome disaster
Faster, faster, to welcome disaster.
To welcome disaster.

Everybody
Everybody is a part of the whole of the system.
Faster, faster, to welcome disaster.
Faster, faster, to welcome disaster.

Everybody
Everybody, is a part

Were all here on this planet
To spend a couple of hundred thousand hours
To find out
Where we came from,
Where we go, and what our souls are all about.

Go!

Faster, faster, to welcome disaster.
Faster, faster, to welcome disaster.
Faster, faster, to welcome disaster.
Faster, faster, to welcome disaster.

Everybody
Hey! Hey! Hey! Hey!

Everybody is a part
Hey! Hey! Hey!

Everybody

Everybody is a part

Faster, faster, to welcome disaster.
Faster, faster, to welcome disaster.

Everybody is a part of the whole of the system.
Faster, faster, to welcome disaster.
Faster, faster, to welcome disaster.
