

Starlight Scene

Yello

Time after time, I'm losing my mind
I'm losing, I'm losing to be cool
I'm becoming a running, obviously radical fool (ah)
I love your smile, your irony
Your wonderful hypocrisy (ahh)

I give to you (I'm not the man)
Aesthetic cure (the man of the)
A kiss that you (you'll make me live)
You're gonna miss (make me live my dream)
Oh, my love is me and I'm no clean
But it's your love, it's you and me

Loving (you're the one)
Lies (kiss me, give me)
Out of this world (ah, ah)
The smile (you're the one)
In your eyes (kiss me, give me)
Free as a bird (hey, hey)
You know, I know
I shouldn't make that cool
I'm always it's dangerous (you're the one)
I'm flying (kiss me, give me)
I don't mind a foe (hey, hey)

Ahh

I know, you know
I shouldn't see you know more (ah, ah)
You know (you're the one)
I know I shouldn't go through that door (hey, hey)
Brilliant (you're the one)
Shining (kiss me, give me)
It's a starlight of a scene (ah, ah)

I give to you (I'm not the man)
Aesthetic cure (the man of the)
A kiss that you (you'll make me live)
You're gonna miss (make me live my dream)
Oh, my love is me and I'm no clean
But it's your love, it's you and me
