## **Emptyness**

Nobody's there anymore They're all gone in the desert Only there is emptyness They've left behind

try, try, try, try to forget cry, cry, cry try, try, try, try to forget cry, cry, cry!

So there's no life here Where should I go So nobody to talk to What should I think

try, try, try, try to forget cry, cry, cry try, try, try, try to forget cry, cry, cry!
