[Hook:]

Every damn day I'm taking chances, Every dam day I'm taking chances
Anything happen I got handlers, I'm addicted to this gambling
Gambling with my life, I'm gambling with my life
I'm gambling with my life, I'm gambling with my life
Every dam day I'm taking chances, cause I'm addicted to this gambling

[Verse 1 - Young Scooter:]

Addicted to these streets
Diamonds and money
Taking chances for my kids
Cambien Money
Stomach full of Freebands
But I jugg like I'm hungry
Even if I ain't got no bands
I still look like money
I finesse you out your cash
Then dress up like I'm homeless
Niggas still screaming drought
When birds everywhere floating
You take a chance you fuck with me
I hate when you buss it open
I'm selling wet it wot lock
I got juggs I motion
Gotta sell it how it look
It'll crumble up o you
36's look like books, you get 7 for 100
Jugg with these OG bosses
I don't be around runners
I never think about a loss
I just keep getting money

[Verse 3 - Young Scooter:]

My momma mad at me cause I gamble too much
I had 200,000 in high school but I fucked it all up
I took a chance on the road just to run it back up
I dry my own packs I love gambling
Shooting dice, I done throwed my whole hand in
A free 75,000 I done cashed in
Police get behind me I be smashing
7 days a week I'm taking chances
I can't get no sleep I keep on gambling
Lost 20 bricks last week, but i can stand it
But 1 a quarter million bet no can
