Young Thug

Ahem, I said, you don't wanna walk a mile in my jeans
Oh no, no

And we go shopping all day
Whatever, won't you cop it all day
Need like 40 more credentials for the ladies
All that hatred got 'em sittin' outside for ages
'90s baby, feel like I been gettin' it since the '80s

Make sure everybody flossing, babe I'm saucy
My Hublot blue and I make air plays on Slauson
Aye, I makin' big ol' plays
Stackin' that Frito-Lay, just for my baby

racks on racks on racks, I'm goin' crazy
Flippin' these packs, these packs, bust it down buy a whip, Miss Daisy
Bust it down good, then get a Now take off, we don't play
I didn't write this all, I just went I dropped the Vet off and came back rac

She sucked me to sleep, I can't replace it
Creepin', man stop, you'll never get over me
You mean for steppin' stones, just know you owe me
Everything Gwaluh, he ain't get no leak
I fuck around slump your partner, on your lil ho street

Pussy never not wet, never got you upset
Patty cake when that check hit, for the fam it's Russian roulette
On the private jet countin' bitches
Red light, I'm drinkin' red
Take care of everybody 'round me
And I live my life at risk
And I never forget to

Make sure everybody flossing, babe I'm saucy
My Hublot blue and I make air plays on Slauson
Aye, I'm makin' big ol' plays
Stackin' that Frito-Lay, just for my baby

I did everything for y'all to ball
Tell y'all risked it all to see a smile on y'all
I risked my future goals for all y'all
I risked my life she told me take that condom off and go raw
She perfect in my eyes, she know when I act modest
Girl version of me, man this just works for me
She, she genius, she my idol believe
Yah, and y'all need any sneakin' she gon' peep it
I want pics from that bitch she smokin' cigarettes
I got roaches for my daughter no puttin' back
Screamin' rest in peace to my partner off of Old Nat

Pussy never not wet, never got you upset
Patty cake when that check hit, for the fam it's Russian roulette
On the private jet countin' bitches
Red light, I'm drinkin' red
Take care of everybody 'round me
And I live my life at risk

And I never forget to

Make sure everybody flossing, babe I'm saucy
My Hublot blue and I make air plays on Slauson

Stackin' that Frito-Lay, just for my baby
