

I done put 20 inside the Civic  
I pull up on you and pop at your kid  
I pull out your rocket and pop at your wig  
I hopped out the Coupe and I'm fresh as a bitch  
Since I was a youngin', I been gettin' dough  
I came right back in and I turn up the show  
I want 'em Xans, they get me off  
I put the V neck on my team, yeah

I dig everythin that you sayin'  
I dig everythin' that you doin', too  
I dig the way that you look at me  
You dig the way that I look at you

Pardon me, pardon my soul  
I crack a smile for them folks  
Niggas they eatin' in broad day  
In that hoe mouth like a Colgate  
Keepin' that cold case, God, please give me that cold case  
I don't want new friends, forgive me for all of my sins  
I don't wanna think about losin', all I wanna do is win win  
I done put 20 inside the Civic  
I pull up on you and pop at your kid  
I pull out your rocket and pop at your bitch

Pay the lawyer fee
