Yeah

Yeah, Leandroer

Thirty towns, thirty ounce, I won't peek at you  
Movin' slow, my coke came from Peru

Ayy, cocaína in the nose, spend a fortune  
Shawty bad, shawty bad, yeah, she gorgeous  
Red bottom sky, red bottoms but they orange  
She want that Leandroer, these other boys be borin' (Borin')  
Tell her when she want me in the morning (What you want?)  
Keep a chainsaw and a stack in my storage  
Ayy, hang with me, I make you fortunes, go  
My style ain't got no father like an orphan  
Got your eyes and your smile, but I don't feel like you  
See the buildings, they fallin', it's all for her  
Pledge allegiance to myself, know what to do  
Pledge allegiance to what we started, it's all I do  
She stand nude in the hallway  
High heels and some Balmain  
So much drama like Broadway  
I can't say a word  
Fuck what they all say  
Made of steel but my heart breaks  
I will take care of her (Lean)

She sing my songs, but she only know the chorus (Sing, sing, sing)  
Wanna hang with us, you need a warrant (Warrant)
