

# Carry You Home

Zara Larsson

I've been knocked down  
I've been lost  
With the ground shaking under my feet  
I gave it all to someone  
Who'd set fire, run

I've been I've been through the days  
When bright love turns into hate  
You bend and you bend 'til you break  
'til the light's all gone

When the one you care for just takes it all,  
Washing you down like a waterfall  
You lose the way and you hit the wall

I'll be the one  
I'll be the one  
I'll be the one to

Carry you home  
When it hurts like you've crashed from above  
Heal your broken bones  
When you can't move and your heart's all loved up  
You rise, you rise, you rise  
But sometimes you need someone to carry you home  
When it hurts like you've crashed from above  
When it's true love

I've been knocked down on my own,  
Where the water's too deep, and too cold  
Sleepless so many nights  
With the broken heart running wild

When the one you care for just takes it all,  
Washing you down like a waterfall  
You lose the way and you hit the wall

I'll be the one  
I'll be the one  
I'll be the one to

Carry you home  
When it hurts like you've crashed from above  
Heal your broken bones  
When you can't move and your heart's all loved up  
You rise, you rise, you rise  
But sometimes you need someone to carry you home  
When it hurts like you've crashed from above  
When it's true love  
When it's true love  
When it's true love

I'll be the one  
I'll be the one  
I'll be the one to

Carry you home

When it hurts like you've crashed from above  
Heal your broken bones  
When you can't move and your heart's all loved up  
You rise, you rise, you rise  
But sometimes you need someone to carry you home  
When it hurts like you've crashed from above  
When it's true love

I gave it all to someone  
Who'd set fire run
