

# Wanna Be Your Baby

Zara Larsson

Sometimes at night  
When i turn off the light  
I'll be thinking about you  
Baby, baby, baby - yeah

Tossing in my bed  
All these thoughts in my head  
Got me losing my breath  
Baby, baby, baby - yeah

Tell me what would you do  
If you only knew  
How I feel about you  
'bout you

I wanna be first,  
your last,  
your everything  
I wanna be in  
your arms  
and definitely

I wanna be someone  
you keep com-  
ing back to see  
I wanna be one  
I one be who  
Wanna be your baby

Deep down inside  
There's unending fire  
And I just can't contain it  
Baby, baby, baby - yeah

You're the only one to blame  
Show me that you feel the same  
I wanna hear you say my name  
Baby, baby, baby - yeah

Tell me what would you do  
If you only knew  
How I feel about you  
'bout you

I wanna be first,  
your last,  
your everything  
I wanna be in  
your arms  
and definitely

I wanna be someone  
you keep com-  
ing back to see  
I wanna be one  
I one be who  
Wanna be your baby

Oh, oh, ooh  
Oh, ooh

Oh, oh, ooh  
Oh, oo-ooh

I wanna be first,  
your last,  
your everything  
I wanna be in  
your arms  
and definitely

I wanna be someone  
you keep com-  
ing back to see  
I wanna be one  
I one be who  
I wanna be your baby  
I wanna be your baby  
Baby, baby, baby  
Oh yeah  
Baby, ba-a-by  
Oh yeah
