

K.K. Is Hiding

Zebra

KK is hiding
Watching everyone
Making sure that we all know
She's not a toy

KK is hiding
Watching everyone for us
She's kinda makin' sure
She's getting all of us

Ahhh, Ahhh, Ahhh, Ahhh

KK is hiding
Watching everyone
Making sure that we all know
She's annoyed

KK is hiding
Watching everyone for us
She's kinda makin' sure
She's getting all of us

B-Sec

Break down
It's all that you can do

What's the cost of giving us the blues
You break down
No more that you can cry
What's the cost
You're thinking she could die

Maybe there are people you know
Who like to drag a ball and chain as they go
You've got to know
How can it be
How can I turn your love
Forget about you for a while

Break down
It's all that she can do
Getting lost and
Giving you the blues

Maybe there are people you know
Who like to drag a ball and chain as they go

About you now
Forgetting all the rest
You're gonna see oh
KK is hiding
KK 'n KK is hiding now
KK is hiding
KK 'n KK is hiding now
