

Red Pants

Zella Day

Oh, I don't feel groovy 'til I put my red pants on
Ooh ooh ooh, yeah
And the music don't really seem to move me
When I put my red pants passed my knees
Oh please, that's the connection from the little things
Oh, sweet energy

Oh, pull that smile from inside
It will sway you side to side
Make a lot of sound, bounce around
You'll be up and never down

La da dee da da
La da dee da da da
La da da dee da da

Oh, I don't feel groovy 'til I slip my tube socks on
Ooh ooh ooh
And the music really don't seem to move me
When I put my tube socks past my feet
Oh, please that's the connection to the little things, oh sweet energy

Oh, pull that smile from inside
It will sway you side to side
Make a lot of sound, bounce around
You'll be up and never down

La da dee da da
La da dee da da da
La da da dee da da

Oh, I don't feel groovy 'til I'm singing a happy song
Oh oh oh
And the music don't really seem to move me
When you won't sing along
Oh oh
Loud and strong
Stand up and sing along, oh, to the little things
Ooh

Oh pull that smile from inside
It will sway you side to side
Make a lot of sound, bounce around
You'll be up and never down

La da dee da da
La da dee da da da
La da da dee da da

Ooh, pull that smile from inside
It will sway you side to side
Pull my red pants, roll my tube socks
Sing along, love is strong
To the little things
