

This World

Zero 7

Another child is born
Another race is won
Another dream is shattered
Another day has begun

This world is still afloat
No not in Noah's boat
We've only lost the vision
Of the stars we're meant to be

Another broken heart
Another lesson learnt
Another harvest eaten
Another night is gone
A new day's begun
Even your dreams they can be real

This world is still afloat
No not in Noah's boat
We've only lost the vision
Of the stars we're meant to be

This world is still afloat
No not in Noah's boat
We've only lost the vision
Of the stars we're meant to be

This world is full of love
We still have hope
This world is full of love
We still have hope
This world is full of love
We still have hope
This world is full of love
We still have hope
This world is full of love
We still have hope
This world is full of love
We still have hope
