

# Heavy with Shadows

Zozobra

So how low down will you sink  
Heavy with shadows

Watched you slow  
Quick with your \_\_\_\_  
Turning to swallow

Swine  
I'll stab your eyes  
You crossed that line

Swine  
God damn those eyes  
You crossed that line

But you slowed  
\_\_\_\_  
Eating the marrow

Let you choke  
Begging for breath  
While you \_\_\_\_ tonight

Swine  
I'll stab your eyes  
You crossed that line

Swine  
God damn those eyes  
You crossed that line

Now you will burn into smoke again
