

Yeah, yeah, yeah

Niggas best beware when we show up
All my niggas carry a blower
You could get your whole block tore up
Thinkin' that we scared 'cause we blew up
Niggas best beware when we show up
All my niggas carry a blower
You could get your whole block tore up
Thinkin' we got scared 'cause we blew up
We got the blowers on us, ayy
We keep the blowers on us, ooh
We got the blowers on us, yeah
We keep the blowers on us, ayy
We keep the blowers on us

As a kid I was strapped on the bus
All the crips used to call it the cuss
All the crips used to call it the sus
All of these bitches was sus
It ain't a nigga I trust
I'ma pull up and I bust
You know we don't give a fuck
We used to crip walk with our fingers
I never thought I would be singin'
I never thought I would be blingin'
'Cause I was right there like I'm Chingy
I be strapped when I'm walkin' in Neimans
Never ever been a Marcus
Big bag, he stingin'
Got it out the flea market

Niggas best beware when we show up
All my niggas carry a blower
You could get your whole block tore up
Thinkin' that we scared 'cause we blew up
Niggas best beware when we show up
All my niggas carry a blower
You could get your whole block tore up
Thinkin' we got scared 'cause we blew up
We got the blowers on us, ayy
We keep the blowers on us, ooh
We got the blowers on us, yeah
We keep the blowers on us, ayy
We keep the blowers on us

In the lab I keep a blammer on me
Case I ever hear the cold world
Swing to Vegas for the big guns
Bullets lookin' size of cold waters
Got the forty for me ese
Keep a fifty in his old chopper
We ain't playin' when we hit the court
We be ballin' like them Globetrotters
Hoes be playin', never fucked a nigga
When a nigga had them broke pockets
All these presidents up in my jeans

They all dead, I call them ghost pockets
We got weapons like the Ghostbusters
I won't go out if it's no problem
Little homies with the gotti thirst
Nike store, we boostin' Foamposites
Triple ounce, they eatin' healthy cake
Then I hit the lab with Greedo
From the gutter, probably never change
Homie still drinkin' Titos
Cracker smoke you every Friday
Jackin' niggas like Debo
Insane diss then you can lose your mama
You the new Finding Nemo

Niggas best beware when we show up
All my niggas carry a blower
You could get your whole block tore up
Thinkin' that we scared 'cause we blew up
Niggas best beware when we show up
All my niggas carry a blower
You could get your whole block tore up
Thinkin' we got scared 'cause we blew up
We got the blowers on us, ayy
We keep the blowers on us, ooh
We got the blowers on us, yeah
We keep the blowers on us, ayy
We keep the blowers on us
