

Devil Offa Me

03 Greedo

Ghetto, ghetto
(Helluva made this beat, baby)
Ghetto
Ghetto, ghetto

Fallin' out of love with all that gangster shit and the money b
reak my heart more than the ghetto
Seem like the whole world goin' down, he just was spankin' shit
, steppin' with the demons like I'm dancin' the devil
Niggas swear that they won't tell until it's time to tell
And all that shit don't measure up even on top the scale
I put my trust in all these niggas who ain't wish me well
These niggas buyin' bags for bitches 'fore they pay your bail
You keep it gangster for your thug, that was his time that you
had took
They spend they paper on the drugs before that money on your bo
oks
I got a dog who kept it real and took a murder for his Loc
He never spoke, but he could care less if he broke

Lost my heart in the ghetto, I lost my soul in the streets
I thought I'd be there forever, on God, brought the demon out o
f me
Had to get the devil off of me, had to get the devil off of me
Had to get the devil off of me, had to get the devil off of me
Know these niggas got it out for me, I know these niggas got it
out for me
I know these niggas got it out for me, I know these niggas got
it out for me
Yeah

When you lose your closest nigga, it get serious, but funny
Peoples fight over materials and beefin' over money
His baby mama just might hit you like you everything she wanted
I could never cross that line, I'd rather keep that shit one hu
ndred
Who get the most, is it the daughter or the granny or the mama?
Hard to decide, this shit is leading to some drama
Who finna slide? Who finna ride? They better makin' up some rum
ors
I ain't the type, I ain't gon' type 'cause I'm the shooter

Lost my heart in the ghetto, I lost my soul in the streets
I thought I'd be there forever, on God, brought the demon out o
f me
Had to get the devil off of me, had to get the devil off of me
Had to get the devil off of me, had to get the devil off of me
Know these niggas got it out for me, I know these niggas got it

out for me
I know these niggas got it out for me, I know these niggas got
it out for me
Yeah

Fuck 'em all
Now I scream, "Fuck 'em all"
