

Good Grape

03 Greedo

X load it up bro
... All the time
Know she heard that Good Grape make her legs shake
X on the beat make it boom

Who got all the cake? Who got all the cake?
I got all the flavor, said she want a choice
Who got all the cake? Who got all the cake?
I got all the flavor, baby said she want a choice
Said she heard that Good Grape make her legs shake
Said she heard that Good Grape make her legs shake
I know you heard that Good Grape make your legs shake
Know you heard that Good Grape make your legs shake

Look baby, let me see you make that ass shake
Pop that pussy like a pill for a headache
Gotta shake it like a motherfuckin' earthquake
Ahh ahh, I don't wanna [?]
Ooh baby, put that [?] right in my face
Ooh baby, put that [?] right in my face
Ooh, I hope you old enough can't catch a case
Let me see your ID or just show your age
Fresh outta high school, okay I think I like you
Talk about what we might do

Who got all the cake? Who got all the cake?
I got all the flavor, said she want a choice
Who got all the cake? Who got all the cake?
I got all the flavor, baby said she want a choice
Said she heard that Good Grape make her legs shake
Said she heard that Good Grape make her legs shake
I know you heard that Good Grape make your legs shake
Know you heard that Good Grape make your legs shake

Yeah, love me all night, Don't fall in love I got wonder in mind
Fell in love with my life, but it's just for one night
She only wanna fuck to get in free for clubs
She wanna be on stage like she rich as us

Fuck with me you gonna need nobody
Lights on wanna see your body
I won't let you see nobody
Better make me your hobby

Who got all the cake? Who got all the cake?
I got all the flavor, said she want a choice
Who got all the cake? Who got all the cake?
I got all the flavor, baby said she want a choice
Said she heard that Good Grape make her legs shake
Said she heard that Good Grape make her legs shake
I know you heard that Good Grape make your legs shake
Know you heard that Good Grape make your legs shake

Touch your toes, make your knees touch your elbows
Head down, pussy poppin' on the headstand
Touch your toes, make your knees touch your elbows
Head down, pussy poppin' on the headstand

Head down, head down
Short song, short song, my song
Short song, short song, my song
Short song, short song, my song
I'm gonna fuck you just so I can touch some

Who got all the cake? Who got all the cake?
I got all the flavor, said she want a choice
Who got all the cake? Who got all the cake?
I got all the flavor, baby said she want a choice
Said she heard that Good Grape make her legs shake
Said she heard that Good Grape make her legs shake
I know you heard that Good Grape make your legs shake
Know you heard that Good Grape make your legs shake
