ChaseTheMoney, ChaseTheMoney
Ayy, ayy, ayy
Eww, yuck
Eww

Ayy, don't touch that, whoa, two-two-three kick
Back, ayy, drum set rat
Sell it low, where the motherfuckin' gnat, ayy
Moncler, let's be clear
I got hands like a fuckin' engineer
Give me head while a nigga tryna steer
Nigga burp like a motherfuckin' bear, ayy
You from the bottom, how your ass get here?
Cut a broke nigga off like near, ayy
Shed weight, sub weight, kick her out, fix your face
Four-five make you get in shape, four-five hard to ventilate
They might find your body lake, old money, Ricki Lake

Money keep going
Suck it, keep going
Money keep going
Suck it, keep going
Money keep going
Suck it, keep going
Suck it, keep going

Chasing the dividends, I'm getting chickens in
Keys to the Ben-en-enz, glad my job came with the benefits
I caught a case with the evidence
Money to lawyers made it disappear again
Met with Maria, she shook like Shakira did
Daddy the plug, only colors I see are blue benjamins
Purple diamonds in my overbite
Got me chewin' hard to eat steak and fries
On 285, got a doggy bag, sold dog food like Purina did
Brick after brick after brick after brick after brick like a pyr
amid
Body got hieroglyphics like Egyptian
I don't what race I'm is, it's a mixture
My mama almost had me in the kitchen
I really grew up gettin' all the whippin'
I was a BeBe's kid how I'm baby loc crippin'
Purple hoodie, black hat on the mission
First day of school I dropped out of nutrition
I had to eat 'fore my daughter was Christian
I had a baby in high school
Fucked with lil baby, you know I was pitchin'
Baby mama mama taught me Spanish when ditching
I went to school with them white dudes

Money keep going
Suck it, keep going
Money keep going
Suck it, keep going
Money keep going
Suck it, keep going
Suck it, keep going
