

Tear It Off

03 Greedo

(Helluva made this beat, baby)

Tear it off, let me see you tear it off
She might catch a nigga creepin', she ain't scared off
Tear it off, let me see you tear it off
Turn a hundred-fifty blues into some singles, watch me tear it off
Tear it off, tear it off
Tear it off, tear it off
Tear it off, tear it off
Tear it off, tear it off

If you ever want a quickie, then express it
I rip the bra off of your titties, I'm aggressive
Pull your panties down to the ground, one of your ankles
I massage both of your feet 'cause you be steppin'
This ain't the crib, this just the house we havin' sex in
You ain't my baby, I just call you that while textin'
Was in the A inside a club, I got a section
And then you came out to my hood, all in my section
After I did all of that time, I need affection
I'm on parole, so I can't hit you with protection
I see you poppin', got me battlin' addiction
You tell the owner let me in with all my blicks in

Tear it off, let me see you tear it off
She might catch a nigga creepin', she ain't scared off
Tear it off, let me see you tear it off
Turn a hundred-fifty blues into some singles, watch me tear it off
Tear it off, tear it off
Tear it off, tear it off
Tear it off, tear it off
Tear it off, tear it off

Bought her a puppy 'cause she used to bein' on all fours
'Round here, she comfortable, she used to bein' 'round the poles
I'll strip a nigga if he ever disrespect my ho
And you can't have no pussy nigga's number in your phone
You can't follow none of the homies on your IG
How you gon' like a nigga pictures if you like me?
If you become my lil' hottie, keep you icy
You got me tender feetin', wow, you just my wifey
Got her own bag, take me shoppin'
Now she got me usin' hers, set coppin'
We the wave, now we Bottega boo matchin'
Graduated from the trap, I took her to the mansion

Tear it off, let me see you tear it off (Yeah, yeah)
She might catch a nigga creepin', she ain't scared off (Tear it off)
Tear it off, let me see you tear it off (Mm, mm, mm)
Turn a hundred-fifty blues into some singles, watch me tear it off
Tear it off, tear it off
Tear it off, tear it off
Tear it off, tear it off
Tear it off, tear it off

Tear it off
Watch me tear it off

Tear it off
Tear it off
Watch me tear it off
Tear it off, watch a nigga tear it off
Tear it off, watch me tear it off
Tear it off, tear it off
