Touchdown in the field

Touchdown

First night out

Touchdown in the field

First night out

Touchdown, I'm in the field

Touchdown to cause hell

I just was sittin' in the cell

You ain't felt how I feel

You ain't been to no jail

You ain't felt like I feel

Gassed up, just rollin' gas with your head down

Don't get touched by the shell

Oh

Yeah, yeah

Yeah, yeah

Feelin' like my big dog when he came home

Used to be pissed off 'til I got home

I get right out and go on WorldStar

I hit that pussy like a pornstar

I had to fuck you like I'm fresh out

Every time I go soft, baby, go hard

When you on TO you gon' send me more than postcards

I want to see it, care package

'Fore I receive it, I ain't trackin'

Where have you seen it?

I'm askin' around

Oh, it's about to go down

Like I'm back on the road, lover

[?] hold me down

Touchdown, I'm in the field

Touchdown to cause hell

I just was sittin' in the cell

You ain't felt how I feel

You ain't been to no jail

You ain't felt like I feel

Gassed up, just rollin' gas with your head down

Don't get touched by the shell

No, I ain't down to jail

Bitch, I am not Odell

If you can't handle jail

Then don't gangbang or sell

If you can't be prepared

No no [?], no near

Watch it all for the fans

Now they know who I am

If I post my location

Then they know where I am

Bitch, I know you won't talk to me, yeah

You just needed some company  
Come here shawty  
Bitch I know you looked out for me, yeah  
But you needed some company  
Come here shawty
