

I been waitin' on this moment
And I been waitin' for the longest
I remember I was homeless
Now I'm just the first to do this out the homies
I been waitin' on this moment
And I been waitin' for the longest
I remember I was homeless
Now I'm just the first to do this out the homies
Trendset, trendset
Drummer Gang lookin' just like DipSet
Trendset, trendset
Drummer Gang lookin' just like DipSet

Feelin' like Killer Cam
Drinkin', feelin' like Jimmy
Feelin' like Un Kasa
I ain't from a public city
All they wanted you at
Can't be in no lie
I make ya feel
I feel like dime
What the turn out
You done changed on me
Vacuum seal well
Like Bigs and J
Beef I gotta say
Like one for you anyway
Remember I was in this place
Got 'em thuggin' on the case
Treat a black boy right
Like an RB ray
Never been to the race
I be aimin' at your brains
I ain't fuckin' with the vein
I just do it for the change
I just do it for the gang
No time to wait, no time to wait
No time to wait, no time to wait

I been waitin' on this moment
And I been waitin' for the longest
I remember I was homeless
Now I'm just the first to do this out the homies
I been waitin' on this moment
And I been waitin' for the longest
I remember I was homeless
Now I'm just the first to do this out the homies
Trendset, trendset
Drummer Gang lookin' just like DipSet
Trendset, trendset
Drummer Gang lookin' just like DipSet
