

## Be Myself

070 Shake

Every night she said she wanted foreplay  
She don't let her be her fuckin' self  
Xannied out and I just popped a molly  
Doctor say he worried 'bout my health  
Ask me who I love I say myself  
I just wanna be my fuckin' self  
Ask me who I love I say myself  
I just wanna be my fuckin' self  
I just wanna be my fuckin' self  
I just wanna be my fuckin' self

Talk about rap niggas, talk about trap niggas  
Know I'm the bitch but they sit on my lap niggas  
I never cared even if they had figures  
Walk in the crib with a dime and a Hilfiger  
They ask me who I wanna be, I say my fuckin' self  
Please just mind your business and don't worry 'bout my health  
Sit me down, sit up, sit up, sit up  
Stood up on and work it out  
Pull up, push up, pull up  
Pull up on 'em, sit me down  
Sit up, sit up, sit up, sit up on it  
Don't catch the wave  
We do not go with the flow, we create  
We gon' look back just to see what we made  
Bein' myself while you fake to get paid  
To get paid, paid  
Damn that sucks, they slaved us up  
They watch us die, while they preach Pablo  
We'll beat the system, we'll fuck it up  
One more thing, fuck Donald Trump

Every night she said she wanted foreplay  
She don't let her be her fuckin' self  
Xannied out and I just popped a molly  
Doctor say he worried 'bout my health  
Ask me who I love I say myself  
I just wanna be my fuckin' self  
Ask me who I love I say myself  
I just wanna be my fuckin' self  
I just wanna be my fuckin' self  
I just wanna be my fuckin' self  
I just wanna be myself  
I just wanna be myself

E and J drippin' on my phone screen  
I am in my zone so don't bug me  
They see my flu's cold so they bring scene  
My niggas see I'm loose so they bring trees  
We do illegal things so don't bring these  
Fuck twelve, fuck twelve, baby fuck twelve  
Myself, myself, baby, myself  
Fuck twelve, fuck twelve, baby fuck twelve  
Fuck twelve, fuck twelve, fuck twelve, fuck twelve  
Let me be myself, myself, myself  
Will not get away  
Free me from the fakes

Free me from the wealth  
Leave me by myself  
Psych, 070, 'til the fuckin' top  
Put my nigga up, shawty give him top  
Niggas tryna join, boy you gotta stop  
Treat her like a bus, now you gotta hop  
Blowin' them trees, we need them cuffs, gotta stay clean  
Bringin' 'em out, everyone jump  
Knowing you will accomplish it  
Oh I heard some comp, it's lit, yeah  
You niggas gon' fold, we trip, hey

Trippy life, trippy life, trippy life  
Call us the Beatles, the hippy life  
Trippy life, trippy life, trippy life
