

Cocoon

070 Shake

Wait a second, it's been a minute
Got the first six, what's the last four digits?
Painkiller, doctor said, "Feel better"
Pickin' up a habit it's a fucked up system

What's the rhythm?
What's the rhythm?
Since we're already here I guess we just go get 'em
I guess they should've known
Known, known, known, known
Flowers gonna bloom
Bloom, bloom, bloom, bloom
Smoke is gonna rise
Rise, rise, rise, rise
Bitch, I'm out the cocoon-coon
Cocoon-coon

Why you didn't grow now I don't know
It's making me think that I was wrong
It's making me so emotional
It's making me so emotional

I guess they should've known
Known, known, known, known
Flowers gonna bloom
Bloom, bloom, bloom, bloom
Smoke is gonna rise
Rise, rise, rise, rise
Bitch, I'm out the cocoon-coon
Cocoon-coon

Wait a second, I been missin
Bitch, I'm comin' out like I'm nine months pregnant
Plane tickets, I could grant your wishes
Drivin' off the cliff 'cause you're givin' mixed signals
What's the rhythm?
What's the rhythm?
Since we're already here I guess we just go get 'em

Why you didn't grow now I don't know
It's making me think that I was wrong
It's making me so emotional
It's making me so emotional

I guess they should've known
Known, known, known, known
Flowers gonna bloom
Bloom, bloom, bloom, bloom
Smoke is gonna rise
Rise, rise, rise, rise
Bitch, I'm out the cocoon-coon
Cocoon-coon
Smoke is gonna rise
Rise, rise, rise, rise
Bitch, I'm out the cocoon-coon
Cocoon-coon
