070 Shake

I'll be gone tonight  
I guess I won't see you at all  
I'll be gone for the night  
Searching for this feeling  
I'll get used to the stage  
I'll get used to the stage  
Just for a minute  
Oh, I'm on tonight  
I'm on the stage, yeah  
Just one more, loving you

Watch me go to heaven, babe  
Watch me go to heaven, babe  
Watch me go to heaven, babe  
Watch me go to heaven, babe

They don't wanna see me flex  
They just want me 'cause I'm next (ooh)  
Everybody wanna ball (yeah)  
You can call that what you want (yeah)  
She just wanna be left  
Left alone in the bed  
Wanna know that you want it  
I don't wanna be nauseous  
They don't wanna see me flex  
They just want me 'cause I'm next  
They won't put me in the back  
Now they wanna come back (yeah)  
Now they wanna call me back

I'll be gone tonight  
I guess I won't see you at all  
I'll be gone for the night  
Searching for this feeling  
I'll get used to the stage  
I'll get used to the stage  
Just for a minute  
Oh, I'm on tonight  
I'm on the stage, yeah  
Just one more, loving you

Watch me go to heaven, babe  
Watch me go to heaven, babe (just one more, loving you)  
Watch me go to heaven, babe  
Watch me go to heaven, babe (if my love on you)  
Watch me go to heaven, babe
