

New New

070 Shake

Yeah (Woo!)

Shake

070

Yeah

Don't get satisfied

Livin' the same old life

Don't let a movement die

We just want it all

In a new day

With a new thing

With a mean words

With a new lang

I don't want everything new

In the street new new new new (Yeah)

In my town new new new new

What about you?

I'm always in town with my homie loitering

Until I figured out I had no more tolerance

For the life, at the world, got a bottle

Mama's havin' lot of trouble paying for the rent

So I told her this

In the new day, no more strugglin'

In the new days, I'll accomplish shit

I messed around before but now I'm serious

That's it

I'm in the game, never gonna win

That's it

If you want a lot of things, get rich

That's it

New day

With a new thing

With a mean words

With a new lang

I don't want everything new new new new

In the street new new new new (Yeah)

In my town new new new new

What about you?

Yeah

Don't get satisfied

Livin' the same old life

Yo

'Bout time I set the bar high

Gold watch

Gold [?]

Cooked rocks

Pot's my only hard times

Cold flow

Sniffing these hard lines

Smoke weed by the [?]

Over the casket where your mom cries

Fresh dressed the model

The Ski E A [?] gortex and goggles

After that, I ate

Next step's [?]
Who's in the A?
I'm probably the boy who busts checks with Pablo
I'm done speaking
War, I'm gun reaching
Wipe his blood off the floor then come bleach it
When I stood aside the store, I slung pieces
Dumb sneakers, 2Chainz a hoe, Jesus
Some hate it, but some think it
Drug king could just hit me with some recent
Say "Dude nice" I'm like "Your son decent"
Got a few bars, to me that's some precent
Why talk?
Yes I walk
They made for the street, one deep, my slime fought
Your chick told me you cheap, that's my fault
Shit, what I sport? 8 series, I sport
If you go get it, the rest just roll with it
Used to sit in front of the building like old tenants
Never made a sale in person, that's so different
This chicken, put you in the box with no biscuit

Don't get satisfied
Livin' the same old life
Don't let a movement die
We just want it all
In a new day
With a new thing
With a mean words
With a new lang
I don't want everything new
In the street new new new new (Yeah)
In my town new new new new
What about you?
