

Rocketship

070 Shake

I heard the message you relayed
Say I always go away
Ask how long I'll be this way
You don't know if you could wait
Baby think it straight
Ask how long I'll be this way
Forever
Say I'm
Forever
Yea
Forever
Say I'm
Forever

Forever Forever
Forever Forever

It feels like I'm on a rocketship rocketship
It feels like I'm on a rocketship rocketship
And ain't nobody stoppin' this rocketship
And ain't nobody stoppin' this rocketship

Yeah I leave for a month
Couple weeks ain't enough
I can't be here for fun
Yea you see what that does
I give you all in one
Triple threesome it up
I'm in need for that rush
Like the trees need the sun
And there's something bout it
Can't have fun without it
Start to form a habit
Then become an addict
Moving slow
Then increase in speed
Taking off
Now we seeing things

It feels like I'm on a rocketship rocketship
It feels like I'm on a rocketship rocketship
And ain't nobody stoppin' this rocketship
And ain't nobody stoppin' this rocketship

Forever Forever
Forever Forever

Can't find the one
I guess I'm better off
Don't know what's genuine
I just can't tell at all
I really won't have it
I'll be out back
Right now the moon feels better than the sun
It feels like I'm on a rocketship rocketship
It feels like I'm on a rocketship rocketship
Right now the moon feels better than the sun
