

Fine Line

10,000 Maniacs

It's such a fine line
That you walk
When you talk
About the future

And you can't hide
With a disguise
Who you are
Deep inside

It's such a fine line
That you walk
When we talk
About this confusion

And you can't hide
You realize
It was the spies' fault
All the time

It's such a fine line
That you walk
When you talk
About the future.
