

On & On (Mersey Song)

10,000 Maniacs

Out through the foggy window
There just to see
The eyes of my future children
Looking back at me

Back through the foggy window
On and on
Miles pass years turn over
On and on

There from that rolled down window
Ponies run free
Cradled protectively there
In the greenery

Somewhere I keep this picture
On and on
Miles pass years turn over
On and on

On and on
On and on
On and on

Back through the foggy window
On and on
Miles pass years turn over
On and on

For all the roads we've travelled
And all the bridges burned
I was thinking out loud
The ways of the world
That all seem so constant
I was thinking out loud
How few of the lessons
We really have learned.

Out through the foggy window
Frozen in frame
Capturing passing pictures
Life's last refrain,

Memories ashes scatter
On and on
Miles pass years turn over
On and on

On and on
On and on
On and on

On and on
On and on
On and on

On and on

On ...
