

Their comfort amazes me
Numbered and placed as drones
How our spinal cords are breaking their fall
Diamonds pressed and morphed to feed me pills
The status quo, why?
I should've noticed
Slightly unfocused on you

I should've known
You're cleverly brilliant
I should've known
I should've known all along

Treat you more as a leper
Feeding more than some method

Cataclysmic chaos must occur for his return then
Please wish it now, all on yourself
So that we may enjoy Christ in you

I should've known
You're cleverly brilliant
I should've known
I should've known all along

Treat you more as a leper
Feeding more than some method
Ahh, ahh, ahh, ahh
Ahh, ahh, ahh, ahh
Ahh, ahh, ahh, ahh
One by one we fall

Turn this into gold
So I can count it
Turn this into gold
So I can count it

Treat you more as a leper
Feeding more than some method
Ahh, ahh, ahh, ahh
Ahh, ahh, ahh, ahh
Ahh, ahh, ahh, ahh
One by one we fall
