100 gecs

Hey, thanks for calling 1-800-gec-2-u
Please hold while I connect you to a rock hard wet gec
That's just dying to talk to you

I hear your sighs, but can't see your eyes
I don't know what your real name is
But I want you so bad
I don't know how to be alone
I'm always pickin' up the phone
'Bout to make my call
I tried to do it caught up in the feeling
'Cause I know that lovin' me

I'm sitting all alone, and I call you on the phone
And I say, "I need love, can you gec to me now?"
I'm sitting all alone, and I call you on the phone
And I say, "I need love, can you gec to me now?"
I'm sitting all alone, and I call you on the phone
And I say, "I need to gec, can you gec to me now?"
I'm sitting all alone, and I call you on the phone
And I say, "I need love, can you gec to me now?"

I like to pretend that you love me
But every time I'm imaginin' you love me
Close my eyes I almost feel you hug me
'Till the time is up, I think I need to run, and
Almost went and threw my phone into the lake, yeah
So addicted to all the love although its fake, yeah
Don't you know I wanna meet face to face, yeah
But I know that you're real and I can't make ya

I'm sitting all alone, and you call me on the phone
And you say, "I need love, can you gec to me now?"
I'm sitting all alone, and you call me on the phone
And you say, "I need love, can you gec to me now?"
I'm sitting all alone, and you call me on the phone
And you say, "I need love, can you gec to me now?"
I'm sitting all alone, and you call me on the phone
And you say, "I need love, can you gec to me now?"

Can you gec to me now?
Dorian E-gec-tra
Now, now, now
Can you gec to me now?

I'm sitting all alone, and I call you on the phone
And I say, "I need love, can you gec to me now?"
I'm sitting all alone, and I call you on the phone
And I say, "I need love, can you gec to me now?"
I'm sitting all alone, and I call you on the phone
And I say, "I need love, can you gec to me now?"
I'm sitting all alone, and you call me on the phone
And you say, "I need love, can you gec to me now?"
