

Oh you know  
You gotta come home  
You know  
You can't stay alone  
You know  
You gotta come home  
You know  
You can't stay alone  
You know you're too cold  
You gotta say it all  
You're feeling on the low  
I know that it's fun  
But whats the end goal  
You know that's you  
You know that's you  
You know that's you

Baby, you gotta have it all, you gotta think about it right now  
What are we, what do you think about me right now  
You gotta have it all, you gotta think about it right now  
What are we, do you think about me do you think about me

Last night drunk, I said too much  
Asked me what I want, then I threw up  
You said it's okay, I smiled at your face  
And now my face is going numb  
Doing what I want saying what I say  
Asking me some shit I don't wanna say  
Don't go you know what I'm trying to say  
Can we just hang; I'll say it that way  
Another night drunk, I said too much  
Asked me what I want then, I threw up  
You said it's okay, I smiled at your face  
And now my face is going numb
