toothless

Dylan Brady

I'm putting on your makeup, I don't have no money
Thinking of the way, that you hurt me
Always you haunt me (Haunt me)
I don't wanna feel this way, no
You're the one who told me I could do it all
Okay, that's fine I can chill
I can get out of your way, if that's really what you want
From me, right now
What you want
From me, I don't know

I'll never go away
I'll be here every day (I'll be here every day)
We'll laugh and make mistakes
I don't think I can go and tell you
I'll never go away
I'll be here every day (I'll be here every day)
We'll laugh and make mistakes
I don't think I can go–

Toothache when I wake up
Really really hurt now
Wishin' I was toothless
But that's just 'til the boof hits
I don't wanna cry now, I want the diamonds
That's why I'm mining, t–to give them all to you
I was sittin' on the flight through the show (Through the show, yeah)
I thought I'd always be broke (Be broke, yeah)
On the flight comin' home
In the back of the plane
Realised I was wrong
But my heart never changed

I'll never go away
I'll be here every day
We'll laugh and make mistakes
I don't think I can go and tell you
I'll never go away
I'll be here every day
We'll laugh and make mistakes
I don't think I can go and tell you

You're jumping in, we'll both get through
I need you to hear what I'm thinking of you
