All day I'd be crazy busy
 But I still think of you whenever I can
 Since when did you live inside of me?
 I smile so much because of you
 When I'm with you and my friends
 I carefully become happy
 When I happen to sit next to you
 I feel like I have the whole world
 I'm getting more comfortable with all of you
 Your soft smile and your low voice
 You, I still can't tell you
 But I really like you
 Maybe it's not love yet
 But honestly, I really like you
 When I'm with you and my friends
 I carefully become happy
 When I happen to sit next to you
 I feel like I have the whole world
 When we accidentally meet eyes
 I quickly stare at my feet for no reason
 My heart is slowly going to you
 The only ones who didn't know in this world was you and me
 You, I don't know how good I'll be
 But I really want to be by your side
 Day by day, this feeling grows
 More than usual, I really like you
 How would it feel if we held hands?
 If we kissed?
 You, I still can't tell you
 But I really like you
 Maybe it's not love yet
 But honestly, I really like you
 If we kissed?
