Tonight, you and I will go under the covers  
Not doing anything but looking at each other  
The person who blinks and laughs first  
Is the loser so go and bring me something to drink

We're on this new bed  
If this is everything there is to the world  
We don't need to go outside

I was trying to make some awkward jokes  
But suddenly you fell asleep so I was staring at your face  
Then I was overwhelmed with emotion for no reason  
Even though nothing was said

I don't know why I keep hogging the covers  
But I won't do it ever again  
Please stay in my sight, to the point where I get annoyed  
It's ok if you put your leg on me, it's not heavy to me anyway

We're on this new bed  
As if this is everything there is to the world  
We can't even fall asleep

I was trying to make some awkward jokes  
But you fell asleep again so I was staring at your face again  
Then I was overwhelmed again  
Even though nothing was said

Can I keep doing this?  
Will you spend many more nights with me?  
Please look at me and smile again  
Even though we don't say anything

I think I have a lot to say today  
I don't know, I guess I'm just excited that we're together  
Hold me tight from behind, put your chin on my shoulder  
Then stay like that cuz I'm about to fall asleep
