Let's just stop here today

This moment just might be goodbye

The skies are shining brightly but

It's over like this and we say goodbye here

Are we a wrongdoing or a mistake?

Are we just like a passing wind?

We don't really know but

Let's just stop here

Will we become a good memory or a nightmare?

Will we fade and scatter?

I don't really know but

Say goodbye right now, right here

Let's just stop here today

This moment just might be goodbye

We are still looking at each other but

It's over like this and we say goodbye here

Were we bad or good?

Was I not trustworthy and did I torture you?

We don't really know but

Let's just stop here

Will we be strong or will we collapse?

Will I not be able to forget you and miss you?

I don't really know but

Say goodbye right now, right here

Let's just stop here today

This moment just might be goodbye

It's over for us right now right here

It's over like this and we say goodbye here
