

(Yikes)

You can call me over any second
Any minute or any hour of the day
Girl you won't get any hesitation or no waiting
Just say the word I'm on the way
Anything you need, all you gotta do is call
Now you know why I'm gonna give you my all
What you waiting for, just say it
What you waiting for, just say it

You already know that I'll be coming over
Girl it's going down until you say it's over
First thing in the morning when you rolling over
You gon' tell me baby can we do it over and over and over again
You know you wanna tell me come over
You know you wanna tell me come over
You know you wanna tell me come over
So all you gotta say is come over

You can call me when you wanting seconds, not a question
Anytime girl, night or day
Girl you won't get any second-guessing
I'll be sexing your body every kind of way
Any time you fiendin' you ain't gotta have withdrawals
I'll have you screaming, trying to climb up the walls
So what you waiting for? Just say it
So what you waiting for? Just say it

You already know that I'll be coming over
Girl it's going down until you say it's over
First thing in the morning when you rolling over
You gon' tell me baby can we do it over and over and over again
You know you wanna tell me come over
You know you wanna tell me come over
You know you wanna tell me come over
So all you gotta say is come over

I just wanna love you...over
Love you...over
I just wanna love you crazy
Won't you call me over baby
It's not...over
'Til you say it's...over
'Til I see you tapping out
I'll work your body up and down
Stop playing girl call me over
I'm tired of playing, let me hear you say
Stop playing girl call me over
I'm on my way to you

You already know that I'll be coming over
Girl it's going down until you say it's over
First thing in the morning when you rolling over
You gon' tell me baby can we do it over and over and over again
You know you wanna tell me come over
You know you wanna tell me come over

You know you wanna tell me come over
So all you gotta say is come over

(Yikes)
