

Starting today  
Let's take this vow  
We gotta change things  
Right here and now

Can't let our love  
Fall to the ground  
I promise to never let you down

Every night  
I pray  
Wishing tomorrow's a better day

It's gotta be for us  
There's no denying  
I'd rather fight  
Or die trying  
It's gotta be for Love  
No time for games  
Let's get to loving  
Time will ease the pain  
It's gotta be for us

Yea  
Remember you said we deserve to be free  
And if things don't get better then we should just leave  
Truth is without us  
Life ain't complete  
Baby let's build together unselfishly

Every night  
I pray  
Wishing tomorrow's a better day

It's gotta be for us  
There's no denying  
I'd rather fight  
Or die trying  
It's gotta be for Love  
No time for games  
Let's get to loving  
Time will ease the pain  
It's gotta be for us

Gotta be for us  
There's no denying  
Gotta be for us  
No time for games  
Gotta be for us  
Gotta be for us

Look in my eyes  
Tell me you believe me  
If we got each other that's all that we need  
No more looking back  
As we proceed  
Let's build a love for the whole world to see

Gotta be

It's gotta be for us  
There's no denying  
Id rather fight  
Or die trying  
It's gotta be for Love  
No time for games  
Let's get to loving  
Time will ease the pain  
It's gotta be for us

Gotta be for us  
Look in my eyes  
Gotta be for us  
Tell me you believe me  
Gotta be for us...
