

She's got a two seater Camaro
Going 95 miles with the top down
Little bit of... in her purse
Strong enough to form a mushroom cloud
Everybody knows she's a cold piece of work
I got a hard hat, hammer, and a nail
She likes the spice of life
I know the flavor very well

Me oh my
Come closer I can touch your vine
My strawberry
Sweeter than a cherry wine, sweeter than that cherry wine
My strawberry
Juicy juicy, juicy just the way I like
My strawberry
...

With a tattoo on her shoulder
Bath tub sitting in the middle of the yard
She like the wear red lipstick
So when she kiss she can leave her mark
Everybody knows that you don't take shit
Ain't it really hard to tell
She likes the spice of life
I know the flavor very well

Me oh my
Come closer I can touch your vine
My strawberry
Sweeter than a cherry wine, sweeter than that cherry wine
My strawberry
Juicy just the way I like
My strawberry
...

Rockin' Madonna while she sings in the shower
She wears my favorite perfume
Smells like flowers
She loves them foreign movies
Candles to set the mood
Dancing in lingerie
Across the living room

Me oh my
Come closer I can touch your vine
My strawberry
My my my my my, sweeter than the cherry wine, sweeter than the cherry wine
My strawberry
Juicy just the way I like, just the way I like

Strawberry you're so sweet
Flavoring I love to eat
