

Yeah, ey

Ah

Came in this thing like aye, yuh, you can't flex on ella
Me and my team like "uh-huh", yeah, we got the flavor (Ah)
Entramo' like yah, aoh, no frontees con ella
Con los mío' like "uh-huh", tenemo' la flavor
Came in this thing like aye, yuh (Lizzy), you can't flex on ella
Me and my team like "uh-huh", yeah, we got the flavor
Entramo' like yah, aoh, no frontees con ella
Con los mío' like "uh-huh", tenemo' la flavor (Okey, okey, va)

Me subestiman porque yo soy femina
Pero en el cielo ya tengo mi nomina
El sucio pecado, pana, no me domina
Yo vine a trancarle el juego, como domino (Ah)
Dominicana criolla, like swagga que viene del cielo (Cielo, cielo)
Como Nelson de la olla, te opone' y te mando pa'l suelo
Suelo-Suelo-Suelo hacerlo
Ven a verlo que camino por encima del fuego
Vuelo-Vuelo hacía lo eterno
Voy a verlo cuando yo llegue al final de este juego, ah
Entramo' like eye, yah, yo soy de Quisqueya
Esto suena "ah-ah", no frontees con ella (Nah)
No frontee' conmigo que yo no tengo enemigo' y tengo a Dios como testigo (Sí ; ah)
De él es la venganza y si te pones con él entonces te pones conmigo (Ah)
Lizzy y Wande mandan y no era de parranda
This my holy crew, la para de tu ganga

No soy perro, pero "wow"
Kill every track, they like "how?"
Somos chicas con Dios, my faith international
But really, we killing
Shout out to God, we do this for a living
To say it's all me but realy I would be fibbing
God making the moves and I listen while kneeling
Aye, mmm, yeah, yeah
Still unashamed, romans 116K
They like "Wande, ¿cómo se dice?"
To rep Christ you ain't gotta speak inglés, nah, mmm, yeah
Gotta take it worldwide
I ain't stopping 'til I see 'em on the Lord side
Making waves for the king like a low tide
God dripping on the flow so it's gon' slide
Women we kill it, our presence gon' feel it
We snapping yo' bring out the flash
See us, we be gleaming, the presence be beaming

Your word is light to my path
Soy una chico fuego, bringing change like pesos
A todos mis lame foes it's "hasta luego"

Came in this thing like aye, yuh, you can't flex on ella
Me and my team like "uh-huh", yeah, we got the flavor (Ah)
Entramo' like yah, aoh, no frontees con ella
