

## I See The Lord

116 Clique

Cast down my crown to worship you in spirit and truth  
As I see You on the throne, I see Your train fills the roof  
I'm on bended knees, hands extended closed eyes  
Holy, Holy, Holy is Lord the Most High  
Woe is me, I'm a man with unclean lips  
And I live amongst a people whose on the same trip  
That when one Seraphim flew to me with coal in his hands  
He touch me on my lips, said I was a brand new man  
As the foundation shook He's asking, who shall He send  
I said, "Send me Lord, I commit to faithful men"  
Sometimes Lord, I feel like I don't give you enough  
The kind of pure joy to persevere when times get tough  
So I keep a concentrated relationship fixed on you  
I keep my eyes to the hills so I can have a right view  
I stand in awe of You  
How You measured the earth with the palm of Your hand  
and yet, and still you want to be friends with such an unclean man  
So like John I fall prostrate on this island of life  
I worship You, recognizing you are power and might  
Glory and light, eternal in sight, blameless and right  
Creator of life, thief in the night, Jesus the Christ

I see the Lord, seated on the throne, exalted  
And the train of His robe, fills the temple with glory  
And the whole earth is filled, and the whole earth is filled  
And the whole earth is filled, with His glory

The sun suspends in the air  
I can feel Your winds everywhere  
You care to the grains of my hair  
Divine works all around me  
I can't get past the evidence  
The fact that your invisible, to me, is irrelevant  
I know your heaven sent, straight to the virgin birth  
Gave me a second chance even after man's curse  
A third, a fourth, a fifth, and a sixth  
You wore my crown of thorns, you took my licks as they spit  
In ya face, off the cross a sinner you embraced  
Now I understand whats the meaning of grace  
I war against the flesh, can't wait till the day that you come  
Cause everday I'm rewriting Psalm 51  
From the weak to the dumb  
You make us shine like Pearls  
Got a new engagement, broke up with that girl named world  
The relationship was unfruitful, I was Satan's pupil  
They told me you was an unfair God, I believed those lies  
I know the truth now, cuz you've been fair since creation  
Man fell, and then you gave man emancipation  
I know the saying one sin can make man fall  
But with one drop of blood, he can save us all  
I'm a living sacrifice, I lay my life upon the altar  
I pray to have faith that don't forsake you, like a martyr  
I have a desire, thats to know you more  
I have no choice to live holy cuz I see the Lord

I see the Lord, seated on the throne, exalted  
And the train of His robe, fills the temple with glory

And the whole earth is filled, and the whole earth is filled  
And the whole earth is filled, with His glory

For whole earth is full of his glory  
And the foundations of the threshold tremble  
At the voice of him who called out  
While the temple is filled with smoke  
I said to myself Woe is me  
For I am ruined  
Because I'm a man with unclean lips  
And I live amongst a people with unclean lips  
For my eyes have seen the king, the Lord of Hosts  
Then one seraphim flew to me  
With burning coals in his hand  
He touched me on my lips  
Said my iniquity is taken away, and my sins forgiven  
Then I heard the voice of the Lord say  
Who shall I send?  
Who will go for us  
Then I said  
Here I am,  
Send Me
