

Grace and Peace, take a seat  
Hey let's get into this man  
It's been a minute so let's get it because I'm amped on his name  
Now as you all know  
Paul wrote and said he couldn't wait to see us  
He said he tries but I quote, "Satan still impedes us."  
So until he can make it we read the letters he sends  
That says he's not forsaken  
Even when oppression begins  
So let's begin with the fifth lesson for today and tomorrow  
Cause Paul answers questions you have about today and tomorrow  
And whether or not the Saviors coming back, today or tomorrow  
Instead of sharing the time/he exhorts us to pray and stay watchful  
It's easily seen like signs of a pregnant woman who shows  
And a thief in the night is surprise  
If you're watching your doors  
So tomorrow's worries weaken when we're waiting with hope  
Anticipating his arrival keeps you ready for sho! (sure)  
Lesson four can bring us more of an insight to this section  
Especially when we start discussing the dead's resurrection  
Remember Paul wrote, those who are sleeping  
"That past on"  
Won't be passed over  
So stop the grieving  
For if we believe in Jesus Christ and that He's still living  
We also believe He'll take those who are asleep as Christians  
So the topic of tomorrow is not my concern  
Just the fact He's coming back and that He's soon to return  
Now with that on my mind/it makes today so crucial  
Because the God who's coming back desires to live through you

You took the word as it is  
Let His love be fruitful in  
Your works of Faith and Love, so  
Keep the faith  
It'll get a little harder/Yeah, yeah  
It'll get a little rougher  
Oh Yeah  
But there is hope in his promise so Keep the Faith

Now I know you wondering how this affects us today man  
But you need the background to be effective today man  
Do you remember lesson two when Paul called us his crown  
His boast before the Lord because we was holding it down  
Cause we heeded to the lessons that he taught to the crowd  
So much so  
We all decided we would take our idols down  
And the news begin to spread fast all over town  
From our people to their people  
In the towns that surround  
We proclaim the name of Jesus while we walking around  
And it's crazy cause our neighbors started following us 'round  
Lesson 1 gives the reason why we all in this now  
God predestined he would save this Thessalonians town  
He elected us for truth and Paul strolled into town  
Without the Gospel as a lifeguard we all would have drown  
In the sins of men and trends that be bogging you down

We were homeless with no family like a dog in a pound  
Till God decided to go looking through the lost and the found  
And He spared us from His wrath that He'll be calling down  
Don't you get it?  
We did, that's the reason why we miss him  
Paul was like our father who taught us  
All how to be Christian  
Like with the motherless  
He nurtured us  
And showed us his vision  
He loves us  
That's why when he prays we're constantly mentioned  
So the call for us today is we continue his mission  
Long to lead a quiet life and to attend to your own business (let's get it)

There is joy in the firmness of your faith  
There is life in you embracing his grace  
So keep praying  
And rejoicing in thanksgiving, and loving in patience  
And just keep the faith  
There is hope in His return and that He will come  
There is peace in the promise of His love  
So keep praying  
And rejoicing in thanksgiving, and loving in patience  
And just keep the faith

So in conclusion for today, I say  
Continue in faith  
With love/Hoping in the day  
The Lord will snatch us away  
Be an example for the saints that we find in Achaia  
Standing strong  
No matter what  
Reproducing the savior  
Cause the joy of a teacher is when his students can grasp it  
It's mastered  
And we live on through you training up the masses  
And honor you leaders  
In love  
Appreciate their work  
Servant leaders making disciples as we create the church  
Remember to exhort and comfort to alleviate the hurt  
And run from every form of evil to not deviate the church  
Though we imitate the saints and the God that we serve  
There are still great afflictions that can rattle your nerves  
And this life will get so trife and it'll throw you a curve  
And there are people who live evil  
Feeding a sexual urge  
So be holy/living solely  
For His glory  
Possessing your body rightly in the purity that he showed us  
Cause no matter how much we grow  
Or no matter how far we go  
We still could do some more  
Even if Timothy gave a good report  
So let's continue to work and labor  
And endure in this race  
Eagerly hoping for the moment we will see His face (yeah)
