

## O' Come

116 Clique

Come all ye faithful  
Joyful and triumphant  
O' come and behold Him  
Born the king of angels

O' come, let us adore Him  
O' come, let us adore Him  
Kneel right down before Him  
Adore Him  
O' come, let us adore Him  
O' come, let us adore Him  
Kneel right down before Him  
Adore Him

Yeah, Tdot  
We adore Him, let's adorn Him  
Jewels shine in the light, we need more of Him  
Can't afford it, but He paid it all  
Family gathered around the fire sipping eggnog, yeah  
And everytime that we spend time  
That's the feeling of a lifetime  
I wish that I could rewind  
But we still got right now  
Right now, toast to the Savior  
Momma said He came and took my mess like a manger  
Falling for the curves, I was foul to the change-up  
When the homie brought me home and out the park, it's major  
So keep going, it ain't over  
His love brings us closer  
O' come and adore the new life here for me and you

O' come, let us adore Him  
O' come, let us adore Him  
Kneel right down before Him  
Adore Him  
O' come, let us adore Him  
O' come, let us adore Him  
Kneel right down before Him  
Adore Him  
O' come, come let us adore Him  
Adore Him

Can't wait to make new memories  
No stress hanging over me  
We got love, let it cover me  
All I need is what's in front of me  
Yeah, it's a moment I've been waiting for all year  
What joy it brings me  
To kneel before the King

Got the joy that you feel inside  
I've been waiting all year just to get it right  
Yeah, think the angel's gon' sing with me  
And my baby put something under the tree for me  
Yeah, all of that frustration I let it go (Let it)  
We can turn missiles to mistletoe (Mistle, uh, toe)  
We can make family out of foes

It's funny He'll take the sun and turn the rain into snow like

O' come, let us adore Him  
O' come, let us adore Him  
Kneel right own before Him  
Adore Him  
O' come, let us adore Him  
O' come, let us adore Him  
Kneel right own before Him  
Adore Him  
O' come, come let us adore Him  
Adore Him

Adore Him

Yeah, yeah, yeah  
Head bowed with my hands high  
Froze, waiting for His time, tell Him standby  
He changed the world, that's a landslide  
God meant for all mankind  
I've been waiting for this all year  
Got my family and they all here  
And they all here  
Come and see while we all here
