

Eternal division
Chiseled out of ruin
In utter otherness
First among equals

Wolf manifest
Ultimate dark design
The direct opposite
Upon cursed soil

Chaos wielder
I am becoming thee
Leviathan depths
Locked in reverie

By means of iron tongue
Abyssos winds blow through my bones
Foot on path - uncontested
I will endure - encased in flesh so cold

By ways of schism hammer-blow
Black horns of antithesis - grow
Hooves on thorns - unparalleled
I am the bearer - of a thousand unholy names

Abyssos - antithesis
Over the seven rays of the lion's crown
Bathos relentless & victorious
Abyssos - antithesis - I bow to none

Antithesis in my flesh
Heartless - born of shadows
Created by stone hands
Through ungodly divination

I am the instrument of the apocalypse
Feel the shape of the venom I fell
Lead your children to my feet
Let them lick deaths-salt from my throne
