

Inner Portal
Temple of flesh
Brought to the threshold of mortals

Enter... Inner Portal
Altar of death
Carving the cryptic horizon

Inner Portal
Cathedral of bone
Exhale to hold the sun and night

Enter... Inner Portal
Through hexagrammic gate
Absorbed by the shadows of the void

Watchers of the abyss
This black fire burns so deep
Fusing bones to darkness
Move through stone, move through flesh

Inner Portal
Into the deep hidden valleys of the soul
Enter... Inner Portal
Beyond all secrets of promethean visions

Towards the constant summit
Departing - Soul from skin
In prolonged moments
Stretching into eternities

Onto the abyssal planes
Infernal firmament breached
Merging quicksilver-soul
Side by side, with mind and beast

'Moving through the elements
Spectral shadows in unbreakable cycles
Codes within codes
Portals to inner dark dimensions'

Beyond the veil, of wisdom enshrined
Into the firestorm, I walk the burning waters

Inner Portal
Temple of flesh
Brought to the threshold of mortals

Enter... Inner Portal
Altar of death
Carving the cryptic horizon

Watchers of the abyss
This black fire burns so deep
Fusing bones to darkness
Move through stone, move through flesh

Towards the constant summit
Departing - Soul from skin
In prolonged moments
Stretching into eternities
