Roller Coaster

13th Floor Elevators

Once, somewhere, sometime ago
His eyes were clear to see,
He put his thoughts into my mind,
And gave my self to be
He stopped me from living so unsane,
I could be just what I want to be,
Things appear as they really are,
I can see just what I wanted to see

Come on, and let it happen to you
I say, I say come on, and let it happen to you
You gotta open up your mind
And let everything come through...
Come on yeah!

Well it starts like a roller coaster ride,
So real it takes your breath away
It slides you through your point of view,
You look back to where you thought you'd stayed
Your ride changes outside view,
While it glides you like a neon ray,
And you find you don't have to search for words,
For there's nothing to be said

Come on, you gotta let it happen to you
Hey, come on, and let it happen to you
You gotta open up your mind
And let everything come through...

After you trip life opens up,
You start doing what you want to do
And you find out that the world that you once feared,
Gets what it has from you
No one can ever hurt you
But you know more than you thought you knew
And you're looking at the world
With brand new eyes,
And no one can ever spoil the view

Come on, and let it happen to you
Hey, hey, hey come on, and let it happen to you
You gotta open up your mind
And let everything come through...

Open up your mind,
Let everything come through...
