

Curves That Kick

16

You shouldn't go on living life this way
If you're bummed out, you cannot stay

I'm in the mirror
You can't get away
You're driving your car
I'm runnin' in shoes
You're pushing the pedal
But it ain't goin'
I've dropped the saw
But I'm still coming

You shouldn't go on living life this way
If you're bummed out, you cannot stay

I'm under the sheets
But you don't know it
While you were sleeping I brushed your hair
You've dreamt about me

But you've never sensed it
I've held you tightly
And kissed your lips

You shouldn't go on living life this way
If you're bummed out, you cannot stay
