

## Hearing Voices

16

I've got no future, I've got no life  
Do I surrender, give up my knife  
The thought of hate, it makes me wise  
Can I remember, all my lies

If I had a heart  
It would be gray

I love my mother, and don't know why  
Commit to murder, then watch her die  
I'm blaming God, no other choice  
I have to follow, my inner voice

If I had a heart  
It would be gray

Hearing voices inside my head  
Oh my God, I wish that I was dead  
Hearing voices inside my head

I sit here all alone  
I am always alone  
It's easier to hate  
Than love

I'm hearing voices inside my head
