

## Beating Dead Horses

16volt

it's not for profit and the gain is the misery  
we're the germ and the pain is the industry  
and we came in the name of the enemy  
habit's a pill that is easy to swallow

we're beating dead horses (we know)  
beating dead horses

it's not for fame, not for love or nobility  
we're the germ and the pain is stupidity  
if the sign is to find our futility  
habit's a pill that is easy to swallow
