

I'm Just A Mess

16volt

I know just the place just in case they erase all my
hope.
I know just the one - it's a place in my head I will
go.
Everybody's gone and the one with the gun is a God.
All I have is choice - to control all thats left of my
life.

I'll float away
I've gone amiss
Faults are my way
Ended up a mess.
(2x)

I'm just a mess
Just a mess
Just a mess
Just a mess
(2x)

Alone with the dust and the rust just decay here with
me.
I'm already gone - just a speck of a life absentee.
Hollow is a the sound in the dark just the air as it
moves.
Follow on the path to the end 'till the day I'm
removed.

I'll float away
I've gone amiss
Faults are my way
Ended up a mess.
(2x)

I'm just a mess
(8x)
Just a f**king mess!

I'm just a mess
Just a mess
Just a mess
Just a mess
(2x)

I'll float away
I've gone amiss
Faults are my way
Ended up a mess.
(2x)

I'm just a mess
Just a mess
Just a mess
Just a mess
