

## Whisper Cure

16volt

You know that you're not there  
When they seem to laugh

A whisper cure for you  
A whisper cure

You said it wouldn't last  
'Cause you listened to the past

A whisper cure for you  
A whisper cure

A whisper cure for you  
A whisper cure

My god, why have you let me down?  
My god, why have you let me down? (whisper cure)  
My god, why have you let me down?
