

Sleeper Cell

1900Rugrat

Off this Adderall, boy ain't sleep the whole week, yeah
Army guns with me, need RPG for World War 3
They talkin' about sleeper cells, my brother in his cell sleep
I was in my cell reakin', caught time for all that tweakin'

Ain't seen my bitch in a while, I'm tryna fuck her off as a genie
I ain't show up to subpoenas, they gonna have to come and see me
I pull up in something decent, tell the judge to suck my penis
She don't even speak no English, she tongue me down like I'm bilingual

She think I'm ugly, but she gon' fuck me 'cause of my new single
I ain't got no time to mingle, I'm tryna focus on these bands
Never holding out my hand, remember trappin' out that fin
Q45, 1999, now I pull up in that motherfucker and that bitch L.
Y.

Big ol' forges on the side, candy called it cherry pie
Got that whole hood in the highs, bitch don't never come outside
Me and Rick born in 03, you would've thought we was some 80's babies
I been hustlin' all my life, I can't even tell you a time I was
lazy

Traphouse been raided, God been looked down and saved me
Still don't feel like I made it, still trappin' just not baby
She askin' if I'm a rapper, I say nah, bitch, I'm a skater
Tony Hawk, I'm grinding daily, that clock ain't gon' be patient

These years ain't get no longer, buddy, you go better make some
shake
For your bitch be out here shakin', butt naked
Gettin' beat down off the G6, while she pregnant with your baby
You ain't cut like that, boy, drop your nut, free, try to sit at
this table

I'm off this dope, it got me smacked, these bitches got me (intelligible)
I like to sit back and sip on the candy, boy, I love this Quagen
She thought I was stupid, baby, I'm just havin' fun
I ain't get nothing for Father's Day, but I got a lotta rapper
sons

I don't really fuck with rappers, let me tell you something
Put a 20 on that table, I gon' hit it, rap you something
I got too much money to fuck this hoe without rappin' up
G-lock, button right on the back of her

Tryna put that bitch on reverse, we left it backin' up
Stones in my pinky, like her pussy, this bitch wet as fuck
